President's Message

Well, another year has passed for the BCCA. All who attended the Convention in Philly would have to say it topped off a good year for all of us. I want to personally thank Jack Turner, John Ahrens and the Greater Delaware Chapter for their time in setting up one of the best Conventions ever.

For our members that did not make the Convention I would like to give you a little idea of what happened at the business meeting. Your four new board members will be: Dave Ohlendorf #1603, Granite City, IL; Ray Knisley #877, Baltimore, MD; Dominic Mazzeo #1027, Philadelphia, PA; and Marcia Sticht #460, Shaker Heights, OH. The officers for next year will be: Jim Thole #460, Manchester, MO, Vice President; Jim Hipes #496, St. Louis, MO, Secretary; and Kit Hall #166, Ferguson, MO, Treasurer. The next order of business was the selection of our 1979 Convention site. Both Niagara Falls and Phoenix presented their bid. I guess all of you know by now that Phoenix won. Thanks to both the A-1 Chapter and the Simon Pure Chapter for a job well done.

The most important thing that was voted on, which concerned every member, was that our dues will increase \$2.00 this coming year. This had to be done just to keep our heads above water. As most of you know this is the first time our dues have been increased.

That's about all for this issue, but I want to say that I am looking forward to working for each one of you this year. My main ambition will be to bring a lot more fun to our hobby.

Hal Leeker

P.S. Ask not what BCCA can do for you but ask what you can do to help BCCA.

Where Convention VI memories happened.

About The Cover

Tony Mazzeo #1798 has the honor to dance with Marsha Majors (better known as Miss Olde Frothingslosh 1969). Much will appear about Marsha within this issue.

John Ahrens #9 accepts the trophy for Collector of The Year from President Jerry Weishaar #159.

MARSHA.

Paul Farthing #729 waits for a prized autographed Olde Frothingslosh can by Marsha

Perhaps the biggest kick for many who attended Convention VI was the opportunity to meet Miss Olde Frothingslosh.

And talk with her.

And dance with her.

And have her autograph an Olde Frothingslosh can. Miss O.F., in real life, is Marsha Majors.

Marsha was born in Rochester, PA, thirty years ago.

She attended Beaver High School (colors: maroon & gray) where she was an "average clown."

How big is Beaver High, Marsha? "I don't remember, exactly, but I can say this--it's gotten smaller since I left."

After high school, Marsha Fortune (her maiden name) worked in Elites Candy Store on Jackson St. there in Rochester and, so says Marsha, "That's where I got fat. Elites is closed now because I ate all the profits."

Next stop for Marsha was Pittsburgh's discos where she worked as a go-go dancer.

Billed as The Blonde Bomber (Marsha's really a blonde under that wig), she danced her way into the hearts of many for about three years at clubs like the Blue Flame Lounge, The Spotlight, The Casbah, and Lou's Lounge.

During this time, she got lots of publicity in the Pittsburgh papers because, as Marsha says, "How many 328-pound go-go dancers do you know?"

And, in 1969, Iron City Brewing found her, photographed her, and lithographed her onto the cans that made her famous. (And vice versa, of course.)

They not only shot her in the bathing beauty pose, they also photographed her as a ballerina, as a take-off on a Playboy centerfold, as a perils-of-Pauline number (tied to a railroad track), as a ceremonial ribbon-cutter, and as a tricycle rider in an alley.

These six photographs were printed in sepia on a now-rare Iron City calendar.

For all that, Marsha received less than \$2,000.

In the seven years that have passed since Marsha's big blast of fame, she has:

1. Gotten married to a steelworker (and un-).
2. Picked up a florist's license.
3. Decided what she likes in a man ("dark hair, moustache, around 170-180 lbs.").

Today, Marsha works as a cashier for the Penn Central RR in Conway, PA., lives back in Rochester with her 13 cats, has a beauty shop in her basement, and hopes some day to reach her life's goal.

What's that?

"To weigh 140 lbs."

When do you expect to reach this goal, Marsha?

"If I don't quit eating pizza."

When is Marsha Majors going to quit eating pizza?

Nobody knows for sure. But we do know this: On Saturday night of the Convention she was taken out by her fan club.

For pizza.

* * * * *

Also on Saturday night, Marsha was taken into the BCCA as an Honorary Member. Her number, according to the former president of the club who took her in, will be 1-1969 (also known as 11,969) to commemorate the year she first appeared on the Olde Frothingslosh can as Fatima Yechburgh.

* * * * *

Marsha's appearance at Convention VI was the first time she'd ever been to Philadelphia.

* * * * *

An exchange overheard at the banquet:

Max Robb: "I'd like to trade cans with you."

Marsha: "I'd like to trade cans with anybody!"

An autographed can by Marsha

In the race for all the cans, here are the survivors of CANvention I through VI. It seems each surviving member threw a can into the pot and when there is a lone survivor, he will receive all of them.

CANvention attendance by states

As anticipated, Pennsylvania led all states with 195 of their members in attendance at CANvention VI, followed by Illinois with 106 and Ohio with 79. Thirteen states were not represented, but Canada let Horst Wendland #780 and John Henderson #5018 out with their trading stock and hopefully back in.

Alabama	1	Montana	1
Arizona	2	Nebraska	4
California	3	New Hampshire	1
Colorado	12	New Jersey	59
Connecticut	25	New York	69
Delaware	6	North Carolina	2
Florida	17	Ohio	79
Georgia	1	Oklahoma	4
Illinois	106	Pennsylvania	195
Indiana	28	Rhode Island	3
Iowa	23	Tennessee	4
Kansas	1	Texas	6
Louisiana	2	Virginia	23
Maine	3	Washington	2
Maryland	48	West Virginia	3
Massachusetts	25	Wisconsin	52
Michigan	24	Wyoming	1
Minnesota	14	Washington D.C.	2
Mississippi	1	Canada	2
Missouri	64		

JOHN YSTESUND #422 wears his five-conventions-in-a-row attendance record proudly. And literally. As the viewer of the above photograph can see. By the time Convention XXXVII rolls around, you can expect John to be tripping on his honor roll. (Please note that Philadelphia does have holes in the bottom. Ystesund obviously plans to be present next year in K.C. Yes.)

WHEN IT COMES TO BIG BEER CAN COLLECTORS, here's a pair for you which was noted at the big hospitality session on Friday night. On the left, John Bowser #7556. On the right, Ron Moermond #224--also known as "Shorty."

There were 917 CANventionloneers showing off and trading their wares at CANvention VI. With them also came 633 guests for a total of 1550 friends of the beer can enjoying the festivities so splendidly hosted by the Greater Delaware Chapter.

The following is the list of BCCAers in attendance.

1	2	9	13	23	24	28	30	33	35	39

You have now become a CANvention VI statistic. In the preceding we hoped to provide you with some totals and facts surrounding our annual festivity. Regretably, we cannot furnish statistics of those still lost in the halls of the Marriott, but there was 100% participation at one time or another.

If you wish to become a future CANvention statistic, be in Kansas City next year.

2nd Ed Papin #881*
3rd John Ahrens #9*

Flat Top Display - 1st Ken J. Conner #448
2nd Ed Burleigh #3182
3rd Jonh Ahrens #9

Cone Top Display- 1st Don Fink #2592
2nd John Ahrens #9
3rd no additional entries

Foreign Display - 1st Jonh Ahrens #9
2nd Sheila Marshall #9068
3rd no additional entries

Overall Display - 1st Ken J. Conner #448
only award given in this category

* Due to an oversight on the part of National and/or local chapter-trophies for these winners were not made up prior to the Saturday night Awards Banquet. However, trophies have been made up and mailed to the winners. On behalf of The Beer Can Collectors of America we would like to extend our sincerest apologies to these BCCA members for this oversight.

Bud Weishaar

1976 Canvention Display Judges

Louise Durbin #859	Queen City
Curt Fisher #232	Hawkeye
David R. Haberman #2085	Olde Frothingslosh
Tobi Harms #586	Heart of Illinois
Tom Harrold #4890	Lake Erie
Will Hartlep #3109	Fort Pitt

A nice theme by the Bendula's

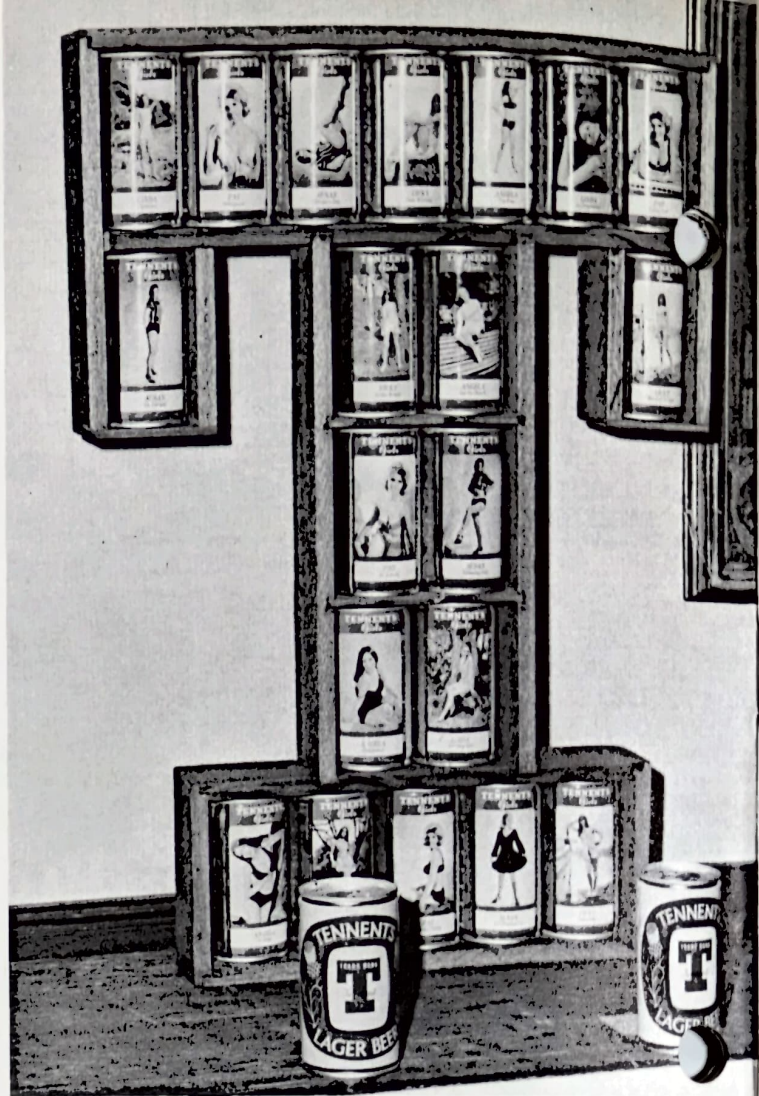

Bill Christensen #33. All by Ballantine

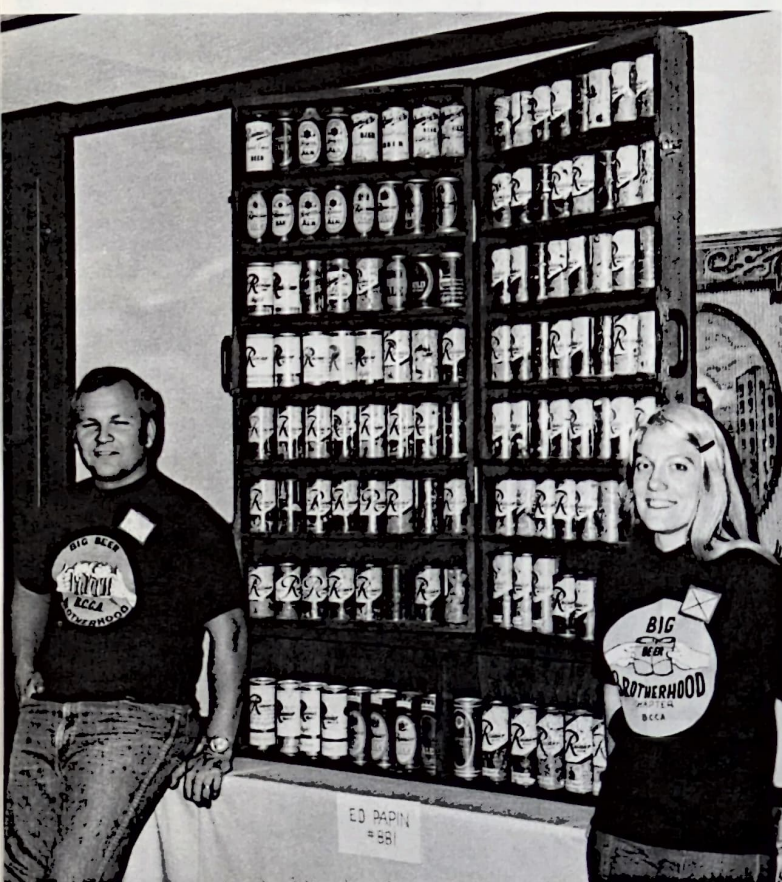

This clever display spells "John Ahrens" in Cones, Flats and Foreign cans.

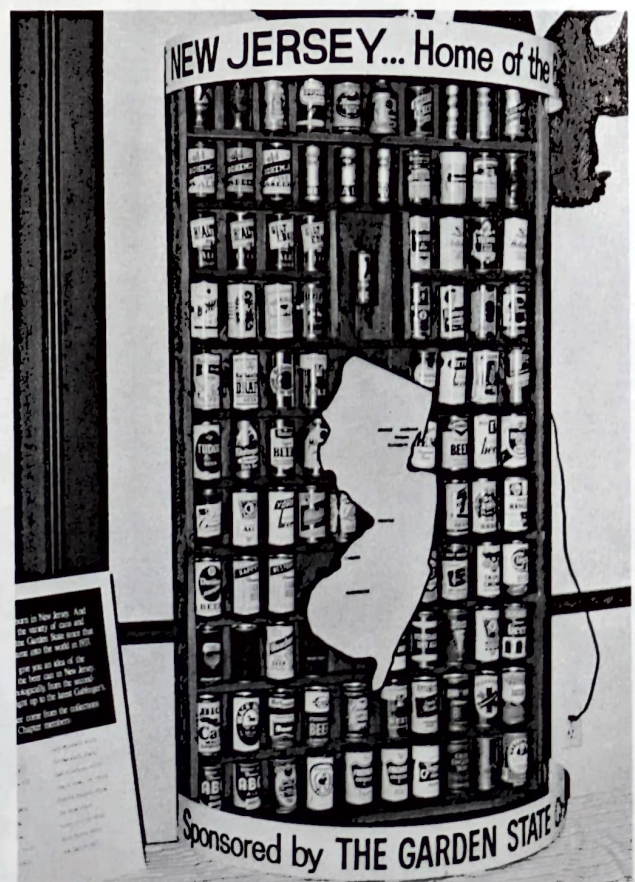

Misc. entry by Margie Sellenthin #10107

Foreign entry by Shelia Marshall #9068

Kay and Ed Papin #881.

The Garden State Chapter display.

Business Meeting
Beer Can Collectors of America 6th Annual Convention
Philadelphia, PA -- September 11, 1976

The meeting was called to order by Jerry Weishaar at exactly 8:00 a.m.

Jerry welcomed all members to the 6th Annual Convention in Philadelphia.

Jerry introduced the Officers, Board Members and Committee Chairman who served the BCCA throughout the year.

Jerry then asked Bob Feldwisch to read the Audit Report by Bob Campbell #1178 in his absence

Bob Eckert's Nominating Committee Report was read by Bob Feldwisch in Bob's absence.

Jerry then acknowledged the nominated Officers & Board Members.

The Parliamentarian, Dave Nelson #820 from Cincinnati, OH was then introduced by Jerry Weishaar.

At this time Jerry opened the floor for additional nominations for Board Members.

St. Louis nominations were: Ron Andracsek #157
Herb Schwarz #1922

Out of State nominations were: Tom Coury #1164, Clarksdale, MS
Dick Adamowicz #344, Toledo, OH
Ron Jones #1236, Elk Grove, IL
Rolfe Weiss #1044, Worthington, OH
Bill Mugrage #791, Lynnwood, WA

Bob Leslie #119 made a motion to close the nominations. Seconded by Roger Johnson #200. Passed.

Jerry Weishaar then announced the presentations for the 1979 Convention.

Mike Sandretto #950 invited all members to Niagara Falls for the 9th Annual Convention and told all present the advantages of having the Convention in Niagara Falls.

Marcia Butterbaugh #6560 from the A-1 Chapter and Phoenix gave her reasons for having the 9th Annual Convention in Phoenix.

Jerry Weishaar then asked everyone to vote for their choice for the site of the 1979 Convention.

Jerry then called on Lonnie Smith, Editor of the BCCA News Report to make some comments.

Lonnie stated that his record of perfect attendance at all Conventions was in jeopardy this year because he was worried about his life. He explained that many people were irate because the July issue of the News Report was late. He apologized for this and explained that he had some problems and that the September issue of the News Report is in the mail and should be received next week.

Following a call for old business, there being none brought forward, we moved on into new business.

Business Meeting, cont.

Under new business Arnold Smith #328 made a motion to allow each recognized chapter to receive a maximum of 12 of the soon to be destroyed Commemorative Cans to be used by them for promotional purposes. This was seconded by Ben Costello #3056. After discussion both pro & con, Jerry Weishaar asked for a hand vote and the measure was almost unanimously defeated. Therefore, the Commemorative cans will continue to be destroyed by September 30th of each year.

Roger Johnson #200 made a motion that every 100 years we have the Convention in Philadelphia to observe the Nation's birthday. Seconded by Denver Wright, Jr. #1 Passed by a unanimous voice vote.

Bob Tucker #6022 proposed that the BCCA formulate a plan to have the Board designate 3 sections, Eastern, Midwestern and Western on a four year basis and to have the Convention be offered to each section on a rotating basis. Jerry Weishaar thanked Bob for his consideration and stated that this is an issue which the Board has considered all year after a similar plan was brought up by Board Member John Vetter #369. Jerry made a commitment to Bob Tucker and all others present that this matter is going into committee and we will have a definite policy to present to everyone before next year.

Roger Kirkpatrick #1583 took the floor and made a request for all interested members to provide him with any information concerning paper label cans which will allow him to come up with a composit list as well as an article in the News Report.

Chuck Ottwell #1220 related that a non-member tried to sell him a can at one of the trading sessions. Chuck further asked everyone to help try to keep the dollar out of the hobby.

Jerry Weishaar stated that all costs for the BCCA have continued to go up and up. Verne Peyser #3016 made a motion on the recommendations of the Board to raise the dues from \$10.00 to \$12.00 per year. Seconded by Harry Keithline #23. Passed overwhelmingly.

Henry Herbst took the floor and asked all the members present who have attended all the Conventions please meet after the meeting is over.

Jerry Weishaar announced that the 1979 Convention would be held in Phoenix as decided by the earlier vote that was taken.

Jerry thanked the Officers, Board Members, Committee people and everyone present for all their efforts.

Jerry then turned over the gavel to Hal Leeker, next year's President.

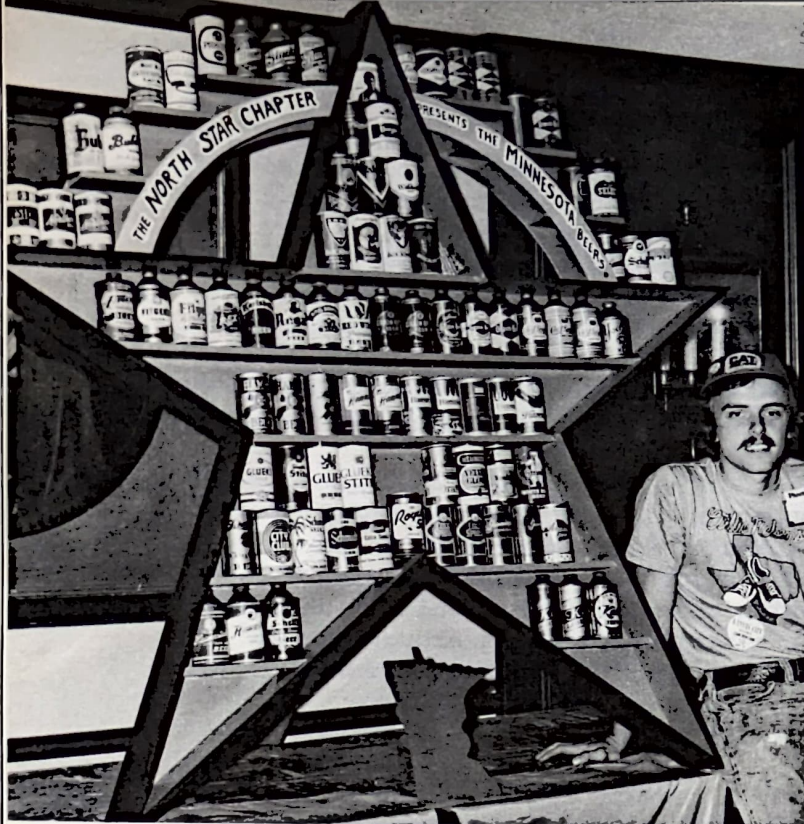

Hal stated first that it has been a good year, a good time and asked everyone to thank Jerry Weishaar. Secondly Hal stated that he had beat the Legionaires Disease by holding his breath for five days and lastly asked someone to make a motion to adjourn the meeting. Fred Haveland #352 made the motion and Jim Hipes #496 seconded it. Passed by all present.

That's all for this year!! It's been one of the best experiences of my life!!

Respectfully submitted,

Bob Feldwisch

A John Ahrens #9 entry.

The people who did all the work at Convention VI. Our Hosts the Greater Delaware Valley Chapter. And, a THANK YOU from us that attended.

Some of us danced, some of us drank, some of us ate Kentucky Fried Chicken on the floor, but we all enjoyed the German Oompha Band.

On Saturday night some of us even took a shower and changed clothes before attending the banquet. And then again some of didn't.

HERE ARE THREE of the keen cans each registrant at Convention VI took home with him. On the left, the multicolor (red, white, blue & black) Greater Delaware Valley Chapter commemorative can (made by American Can Co.). In the middle, American Can's 75th anniversary special--a full color beauty. (Backside tells that that's what it is.) Right can may very well be the first honest-to-Ahrens BCCA commemorative beer can. Because it is a real beer can, lithographed like real beer cans always are--and filled with beer and offered for sale to the beerguzzling public. These Schmidt cans are available on a 1 for 1 value from any Philadelphia area member. Conventioneers received two of these Schmidt's cans, one full and one not. Not pictured is the 16 oz. Schmidt's bicentennial can that registrants also received.

This group represents the Board of Directors that were at Convention VI. Back row L. to R. Dave Ohlendorf #1603, Kit Hall #166, Dominic Mazzeo #1027, Jerry Weishaar #159, Jim McCoy #136, John Vetter #369, Hal Leeker #843. Front. Warren Taylor #175, Ray Knisley #877, Bruce Gregg #248, Marcia Sticht #460, Jim Hipes #496. Not pictured. Jeff Berg #799 & Jim Thole #410.

New Officers L to R are: Kit Hall #166, Trea.; Hal Leeker #843, Pres.; Jim Hipes #496, Sec.; Not pictured Jim Thole #410 V.P.

Prior to the Saturday evening Banquet were we put in the Spirt of '76 by this great Fyfe and Drum Corp.

This paper label can was available from our friends from the Keystone Chapter.

Number six is gone. Jack Turner #65 Convention Coordinator after the Banquet enjoys a beer with Bob Feldwisch #406.

THESE TWO SMILING DANCING PARTNERS won't be smiling long. She, of coors, is one Marcia Butterbaugh #6560, the chairhuman of the '79 Convention in Phoenix. By the time it's over, she'll look like John Ahrens, haggard and wasted. He, one of the world's premier Keglets, is Hal Leeker #843, the BCCA's newly-appointed president. Which means that, before the year is over, he'll look like John Ahrens, too. (Which should make for a pretty interesting look-alike contest.)

NEW ADDRESS

BCCA News Report
7100 Broadway Bldg. 6E
Denver, Colorado 80221

This is the group of fellows that have attended all six Conventions.

JoAnn Brockman #6037 accepts the trophy for Can of the Year.

Mr. William Aquilani of C. Schmidt & Sons was given special recognition for his past help to the BCCA.

Dick Hasson of Crown Cork & Seal accepts for Bicentennial Can.

SAVE YOUR NICKELS

As noted in the Convention Business Meeting Minutes the membership voted to increase our dues by \$2.00 per year. This is a reminder dues will be \$12.00 for 1977 due before February 1.

Space

Bet you didn't realize this issue of the News Report is 52, count 'em 52, pages. This is the BIGGEST one yet, however, we still have several great photos of the Convention. Therefore, the January issue will contain more memories of Convention VI.

Daily News
400 North Broad Street
Philadelphia, Pa. 19010

Ask for: Monday Sept. 13, 1976
Enclose: .30 cents per copy

Be sure to specify day and date AND
be sure to enclose .30 cents per copy.

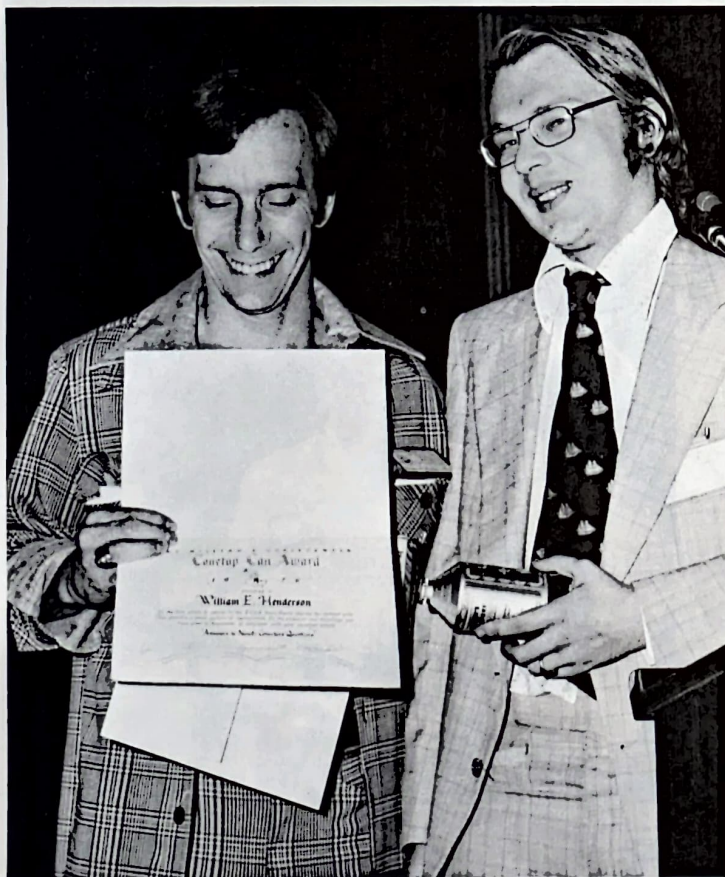

The above cans are special commemorative Budweiser cans for the 31st Jaycee International World Congress held in St. Louis, birthplace of the Jaycees.

The Bill Christensen Award

Bill Christensen #33 on the right presents the "Bill Christensen Award" and Cone Top can to Henry Herbst #70 who was accepting for Bill Henderson #73. You will recall this award and can will be presented annually to the writer of the best original editorial article used in the News Report. Bill Henderson wrote the article in the July issue "Answers to Newer Collectors Questions". I'm sure the mint Neuweiler's Beer cone will make a fine addition to Bill's collection. The Award certificate: It is beautiful. This idea, can and award are all designed to stimulate greater participation by our members in the sharing of their knowledge. As the Editor of your News Report I invite each of you to submit your ideas to us for consideration.

Lonnie Smith #99

C. Schmidt & Sons Ortlieb's Horlacher's Rolling Rock Yuengling's

The BCCA thanks each of you for support and generosity in making Convention VI one of the most enjoyable ever.

Denver Wright #1 and Marie Lillie #2590 can't believe it either. And you thought we were weird.

Miss Beer Can autos her picture for Alan Williams #1230 as starry-eyed Rollo Carlson #317 looks on.

Beer Can Collectors of America

THE BEER CAN COLLECTORS OF AMERICA was founded in St. Louis, Missouri in April, 1970 by seven beer can enthusiasts. We now have over 10,000 members in forty-nine states and in numerous foreign countries. There are no prerequisites for membership in the BCCA, only an interest in collecting beer cans. We have members in almost all walks of life and in every age group.

HERE ARE SOME OF THE BENEFITS OF BELONGING TO THE BCCA:

1. YOU RECEIVE a Composite List showing all canned beer brands held by our members. You can use this as a check list against your own collection.
2. YOU RECEIVE a Roster containing the names & addresses of fellow members. This is most helpful when trading by mail, phone or in person.
3. YOU RECEIVE your official Membership Card which is proof of membership for the year your dues are paid. This card entitles you to all the rights and privileges of a member of the BCCA.
4. YOU RECEIVE an official BCCA Windshield Decal and the BCCA embroidered Emblem.
5. YOU RECEIVE our bi-monthly (6 issues a year) publication BEER CAN COLLECTOR'S NEWS REPORT, which contains new brand information and numerous articles of interest.
6. YOU RECEIVE a Membership Certificate suitable for framing, signed by the President and Secretary.
7. YOU HAVE THE RIGHT to attend our Annual CANvention. The News Report will contain details about the CANvention which is held yearly in September.
8. YOU RECEIVE a Monthly Want Ad Bulletin containing many possible trades. (A small charge is applied for placing ads. A coupon for one (1) free ad will accompany each new membership.)

We welcome you to join this fast growing, fun loving, club so you may enjoy the fellowship and all the benefits of membership; however, please note, the BCCA is a trading club, and the buying and selling of cans amongst members is strongly discouraged.

DON'T BUY THAT CAN, TRADE FOR IT,

Jim Hipes

- Sept. 1979 Canvention IX in Phoenix.

BCCA Board Meeting Report

by Gil Brennell #13

At the start of the August meeting there were 15 interested persons in the board room. This almost balanced the absence of the "little round man" who was out-of-town and could not attend.

Jack Turner in reporting for the last time on the Convention '76 jokingly stated that most of the employees at the Marriott had contacted Legionnaire's disease. After the large chuckle he further reported that 1284 people had signed up with 800 being the number of BCCA members involved. Jack lauded John Ahrens and Bud Mazzeo for all the hard work that they have put into this Convention effort.

This meeting ends 48 months of Board member status for Henry Herbst. Hank made a terrific contribution to BCCA during this time and should forever be recognized for this outstanding contribution. He promises to be around next year but will have to learn to keep his mouth shut when voting time comes.

Under new business Jack Turner suggested that in future years we should possibly consider a regional setup for choosing Convention sites. This would eliminate dominance of the heavy midwest voting bloc. Perhaps some of you in the hinterland have some ideas on this? Why don't you write your favorite board member and spill your thoughts.

The August Board meeting is a transition meeting. A new president and officers will be in charge as of the September meeting and this is a good time to let you all know that in this reporters eyes we have had another BCCA successful year. Our officers and board members of the past year are to be commended for the success of this year.

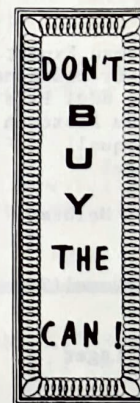

Late word tells us the September issue was not received by you as early as we had hoped. We are now using second class postage which is saving the club money and should mean earlier delivery of the News Report. Our postal contacts tell us the November issue should be delivered much more rapidly. If you do not get this issue in November PLEASE contact your local Post Office and ask why it took so long for your News Report to arrive.

Lonnie Smith #99 Editor

LOST AND FOUND

FOUND: At the Convention in Philly, a blue men's sweater, medium size, Arnold Palmer/Robert Bruce brand. Contact Dave Roberts #278, 37 Spring Garden Mill Dr., Newtown, PA. 18940

LOST: At the Convention in Philly, Saturday night, A Schlitz ML 8oz. paper label can and a Regal Ale. They were both dumpers, but the Schlitz is in much better condition than the Regal Ale. REWARD OFFERED. Contact: Ron Greenblatt #1875 419 E. Main St., Endicott, N. Y. 13760

Have absorbed: Sanct Erik; Stockholms;
Hamburger; and Munchen--all in Stockholm.

In a future issue, perhaps we shall try to document the brands produced in cans by each of these breweries that do not bear the same name as the brewery.

Foreign Can Collectors Note: If you have not already submitted Name, Number, Size of Foreign Can Collection, Specialty, and Comments, PLEASE do so immediately, in order that a sizable listing may be printed in a future News Report. The listing made for this report was pre-empted by Convention material which was considered to be of greater interest to the general membership. If you, as a Foreign Can Collector, wish the Foreign Composite Corner to continue as a part of the News Report, please submit your credentials as outlined above. Sufficient interest by members should be shown, otherwise, the column may be dropped.

REMEMBER: Submit a description of any foreign can in your collection that differs in any of the four elements (viz name, type, brewer, city) as well as your Foreign Can Collectors Credentials to Foreign Composite Chairman, John Vetter #369, 4300 San Juan Drive, Fairfax, VA 22030.

007's

During the Convention in Philly I saw several 007's available for trading. Several different stories were heard on why and how there are so many. All stories boiled down to this: The cans are being reproduced in Mexico and let out into the collectors market rather slowly to try and hold up their value. As a printer, I assure you if they are being reproduced it is NOT in small quantities. Be patient. Maybe in a few months we will be trading 2 currents for 1 007.

Lonnie Smith #99

RIP OFF ARTIST

Unfortunately we have a member who has used deceptive practices to obtain cans from other members. He has used the following fictitious name and address:

Greg Tobin
Kettering, Ohio

There is no Greg Tobin in Kettering Ohio, however, his real identity is:

Kevin Lamond #9062
436 Teakwood
Williamsville, New York 14221

Please notify the BCCA if you have been ripped off.

A Beautiful Story

Recently on local TV in St. Louis, on the 10:00 PM evening news, was a story about a beer can merchant. Seems this wheeler-dealer and his 200,000 cans were evicted by his landlord into the street. Hopefully, we will assume the eviction was for nonpayment of rent due to lack of sales to beer can collectors.

Danny Korbel #9533 has a problem. Seems we made a typo in the red book. His correct address is:

Danny Korbel #9533
7741 W. Maple St.
Morton Grove, Ill. 60053

A BREWERY THAT DIED

Dead: Fuhrmann & Schmidt Brewing Company
235-249 South Harrison Street
Shamokin, Pennsylvania 17872

Beloved Father of: F & S, F & S Premium,
Innsbrau, Master Premium, Park,
Renaee, Rheinbrau, State Fair,
United Milwaukee.

Step-Father of: Muhlheim and Neuwiler,
and various other canned and
and bottled beers.

Died in 1976 of chronic loss of blood and interest.

House Toasts Small Brewers

Washington (AP)—The House voted for a tax break for small breweries yesterday, harkening to arguments that it would help preserve small business—as well as variety for beer lovers.

The bill, sent to the Senate by a 211-to-126 vote, would apply to breweries producing no more than 2 million barrels a year.

It would reduce the \$9-a-barrel excise tax on beer production to \$7 on the first 60,000 barrels produced by each brewery. The maximum tax break would be \$120,000 a year. Opponents argued the reduction would set a dangerous precedent.

"If you start this it will never end," Rep. Fortney H. Stark (D-Calif.) said, predicting a flood of requests for similar legislation by small business in other fields.

But Rep. John H. Dent (D-Pa.) countered, "You've got to give them a break if they are going to survive."

He said the reduction would help individual breweries still making beer by traditional methods, and that these are not really in competition with mass producers.

Rep. J. J. Pickle (D-Tex.) said that when national prohibition ended there were 750 local breweries in operation and that the number is now 53.

(821) Ballantine (Bi-Centennial Can)

Two variations here, one with the pretzel (3 rings), one without

(821) Falstaff (Bi-Centennial)

(4914)

- a) Aluminum can: word "FALSTAFF" is shorter than tin can
- b) Steel (tin) can: Has a red stripe above the word "Bi-Centennial" and blue below it. The Aluminum can is flip-flopped...blue stripe above and red stripe below.
- c) The issue by General has "6 for \$1.09" on the back, the issue by Falstaff does not.

(9336) Rolling Rock (new issue) Similar to LTB 1, p 112

- a) Ingredients on side of can. Green circle with white lettering.
- b) Ingredients on side of can. White circle with green lettering.
- c) Ingredients dropped. Price code added.

(4914) Buckhorn HK1, p.15

- a) Can yellow with white letters on black background
- b) Can greenish/yellow with white letter on black background
- c) Can greenish/yellow with silver letters on black background
- d) Can Yellow with silver letters on brown background.

() Topper (similar to SRC3, pg 129)

- a) Now has "Contents 12 Fl Oz below the word "BEER"

The Did You Know of the issue:

Did you know that the Tiger Beer by Schmidt's that we've seen so much of at the Convention is the second issue?

The first issue has Contents 12 Fl oz on it (along with 35.5 centiliters, whereas the second issue does not have "12 Fl oz"...only 35.5 centiliters.

Thanks to Bill Hulse #821 for this one.

Send your Did You Knows to: Dick Rausche #526

Negative Waves

600 or so of you know what happened at the Philadelphia Phestivities, and had a good time, and carried on, and drank and traded. Some of you still might not be recovered (Rolfe Weiss etc.). And this issue of the News Report is FILLED to the pop top with convention jabber. But hows about us in the Silent Majority who didn't get to GO??

This is dedicated to us. The one's who stayed behind because of various reasons. And such good reasons, too. Couldn't get off of work, no money, school had started, babies were born, wives or husbands were not favorable, mistresses cried, or embarassed by our trading stock! we sat home and pouted or cried or cussed or kicked the dog or yelled at our beloved spouse. More than likely, a combination of all of them. Some of us were even so disheartened, that we traded cans with ourselves at 2 AM, just to get the feeling. I got some damn nice stuff, myself.

But chin up, troops. KC is but a whisper away. Plan now to avoid your reasons for missing Philly. Take a late vacation, cut down on your spending, drop out of school, behave yourself during December and January, get a divorce, and do some dumping next spring. You will like yourself a lot more if you do.

Jeff Berg #799

A Little Rust Never Hurt Anybody

Chapter Reports

Please keep your chapter reports to 200 words or less. Reports must be typed and submitted in article form. Send your report to BCCA News Report, 7100 Broadway Bldg. 6-E, Denver, Colorado 80221.

COWBOY CHAPTER

The snows have come. The dumps are buried, as are most of the houses. Autumn set a record in Wyoming this year and lasted 4 days. Summer lasted 3 weeks. We are still waiting for the season called spring.

But Wyoming winters are good for something. It helps keep derelicts away. Like can merchants, thieves, and not-so-nice guys to trade with. But their presence is felt, none the less.

I am not feeling particularly amusing this time. So this will be brief. About the only good gnus, is that my wonderful wife, Sharlene, #7799, gave birth to a rather large baby boy last August 30th. We had names picked for twins (Sheri-Dan), for a girl, (Storzette) but not for a boy. We had to settle for Matthew Todd.

Humor will return in January. By the way, John Talbott formerly of Gillette, now tries to breath in Stupidsville, Ohio.

Jeff Berg, #799

MILE HI CHAPTER REPORT

The members of the Mile Hi Chapter and their guests would like to thank Mr. Dick Sivils, #4910, for hosting the August trading session. The food was delicious - the beer supplied by Dick was an unexpected surprise. The use of your swimming pool was appreciated even though most of the members who swam really had no intention of swimming that day!

Again, thanks for the hospitality. Oh, by the way my wrist watch seems to be working again.

The next trading session will be held in January and be hosted by Lonnie Smith, #99. Hope to see you there.

THE CORNHUSKER CHAPTER

Don Olin, #4130

The Cornhusker Chapter held a meeting on September 16th. New officers were elected as follows: President - Glen Smith #430; Vice Pres. - Al Spompinato #1768; Treasurer - Kent Van Bresen; Secretary - Doc. Stejskal #493; Recording Secretary - Jim Mumaugh #3099; Board of Advisers - Ted Stolinski #66, Bob Chadwlich, Dan Carlson #1457.

Discussions were held and door prize cans were raffled off. The Cornhusker Chapter has planned November 14th for its annual trade session at Ryan High School.

Hope to see all of you there.

Jim Mumaugh #3099

CONGRESS CHAPTER

The Congress Chapter serving the Syracuse (former home of the Congress Brewery) and Central New York State (new home of two breweries - Schlitz and Miller) area recently held elections for the new beer year commencing September 1. Dave Turo is Pres. and Joe Czjak is Dave's able V.P. Valerie O'Riordan and Barney Driscoll continue as Corresponding Secretary and Treasurer, respectively.

Cedar Bay State Park was the site of the chapter's mid-summer picnic and featured a rain shortened softball game and a mini trade-session. The trade session was a lot more successful than the softball game. The biggie, however, is the Second Annual Swap Session to be held on Oct. 16 at the May Memorial Unitarian Society, 3800 Genesee Street in Syracuse. Come one, come all!

Valerie J. O'Riordan

NORTH STAR CHAPTER

Imagine St. Paul without the Capitol Building, or Minneapolis without the Foshay Tower, or Philadelphia without the Liberty Bell, or San Antonio without the Alamo, or Wall without the Drugstore. In the same context, imagine a North Star trade session or Guzzle 'N Twirl without #73.

For those of you who don't know, #73 is Bill Henderson, founder of the North Star Chapter, its first president, and its greatest benefactor. Bill and his family, wife Kathy, and sons Patrick and Louis, recently moved from the Twin Cities to the St. Louis area. I guess that K-Mart wanted to improve camera sales in the St. Louis area; either that or the "Gateway" wanted to improve its image. If the latter is the case, they couldn't have done better. We'll miss you, Bill!!!!

Jack Isacson #1213

UPPER IOWA CHAPTER

The first trading session of the UIC was held at the Fort Atkinson gym on August 15th. A fine turn-out of over 26 BCCA members from Minnesota, Wisconsin, and Iowa attended. Special thanks to the members of the North Star chapter who attended, and helped to make the trade session a success. Thirteen new chapter members were registered to bring the UIC membership up to a total of twenty-one.

Patches are still available to BCCA members at a cost of \$2.00 each.

The next trade session of the UIC will be held on Dec. 5th, from 9 A.M. to 3 P.M. at the Fort Atkinson gymnasium. All members from Minnesota, Wisconsin, and Iowa are invited to attend the session, and join the UPPER IOWA CHAPTER. Tables are provided, and refreshments will be furnished.

The first issue of the UIC CAN-O-GRAM was sent to the close-by chapters, and the chapter members.

See you December 5th!

Ivan Nienhaus #4569

The first annual Rogue River Rooster Crow and Beer Can Trade Meet was held June 26 in Rogue River, Oregon. While wives and children giggled and goggled at the crowing contest, craft fair and parade, 20 plus members from the Washington, Oregon and 49-er Chapters did some heavy trading in Rogue River Park. The park was warm, the beer was cold, and trading was fast and furious during the all day meet.

Some very good cans were traded during the event, such as Clipper Pale, Goebel Bock, mint Burgie Ale quarts, Town Clubs, and many Atlantic Brewing Co. of Washington and Salem Brewing of Oregon cans.

By the way, Hamlet, a white rooster owned by Jan Clairmont, won the crowing contest over 134 other cluckers with 57 crows in 30 minutes. We're not sure which turkey came out the winner back at the park, but we do know that the meet was so successful it was unanimously voted to make it an annual event, to be held the last Saturday in June.

So, see you next year, can lovers.

BIG BEER BROTHERHOOD

The Big Beer Brotherhood held it's second annual meeting in CANjunction with CANvention VI in Philadelphia.

New officers were elected in the way of Dick Adamowicz #344, President, and Buck Bannon #792, Vice President. Ed Papin #881 was appointed treasurer, while Herb Schwarz #1922 retained editorship of the RUSTic News, the BBB news report.

Tobi Harms #586 was inducted into the Brotherhood and yet no plans are in the making of changing the name of the Chapter.

While nothing spectacular came out of our meeting, the Big Beer Brotherhood would like to take the opportunity to THANK the Greater Delaware Chapter for a splendid job hosting annual fun time. THANKS to SCHMIDT of Philadelphia for their generous donation of beer (and of course, the commemorative can). THANKS to the Marriott for putting up with us while trying their best to keep us lost in the maze of halls in the motel.

Finally, a BIG THANKS to Miss Olde Frothingshlosh (Marcia Majors) for making an already great CANvention, even better.

Herb Schwarz #1922

CAPITOL CITY CHAPTER

The Capitol City Chapter has a trading picnic Aug. 29. An election of officers also took place: President, Hank Spalinger #6717; Vice-President, Frank Washburn #6058; Sec/Treas., Patti Burt #9019.

The trading picnic was a very good one with many new faces present. It was held at Fort Hunt Park in Virginia.

Patti Burt #9019

LONE STAR CHAPTER

Beautiful lake Travis was the setting for some fifty people as John Zembo's big time barbeque & beer can bust got underway Aug. 28th. The Lone Star Chapter welcomed some traders from Utah & Missouri. Everyone had a great time trade'n cans while Ralph Noel went swimming; Darrell Prein left & "Z" man disappeared-altogether! Buchaneer, Charro, Tiger, Bluebonnet, Schlitz Vit D, & Schmidt's camouflage were just a few of the many great cans there. Next meet will be in Nov. in San Angelo and then in Jan. in Ft. Worth. Ya'll come and bring some cans.

Alex Schwertner, Jr. #3094

PACKER CHAPTER

The Packer Chapter held its first official BCCA Chapter Meeting at the home of Nick Meyer on August 12, 1976.

The officers of this Green Bay Area Chapter are: Ken Trembl #4934, President; Dennis Kleczka #6048, Vice-President; and Nick Meyer #7154, Secretary-Treasurer.

The Packer Chapter has its own informative bi-monthly Newsletter called the "6-Pack Report".

This newly formed chapter had its first official Trade Session on November 6th at the Patio Ballroom in Pulaski, Wisconsin.

SIMON PURE CHAPTER

Nick Meyer #7154

On July 31, 133 people turned out to the Simon Pure Super Swap Session III.

This annual event brought collectors from 9 states, Canada and the Canal Zone, to trade such collectables as OLD RANGER, CLYDE, BROCKERT, HARVARD, HOME RUN, the GRANGES scenes, the new TENNANTS GIRLS and even SIMON PURE. In all, 3000 cans found new owners.

C'mon out next year, reserve a spot for the last Saturday in July and join us ... you'll be glad you did.

Dick Rausche #526

BLUFF CITY CHAPTER

The Bluff City Chapter is proud to say all Summer trading sessions were a success. Bluff City Chapter would like to say that our Chapter name came from the beer that was once brewed in Alton, Illinois, called Bluff City Beer. We hate to report that Bluff City brewery never made a can, they were only producers of bottle beer.

The Bluff City Chapter is now laying the ground work for a Mini Convention for June 4 & 5, 1977. For details of the Summer Daze Convention, contact Frank Wiseman #2585. Reservations will be accepted after Jan. 1, 1977.

Frank Wiseman #2585

OLDE FROTHINGSLOSH CHAPTER

Convention VI was attended by 20 Chapter members including Marcia Majors, Miss Frothingslosh, BCCA #11969, and OF #1. Marcia enjoyed the Convention almost as much as BCCA'ers enjoyed having her and she is looking forward to attending Old Frothingslosh Chapter trading sessions in the future.

Trophy winners from the Chapter were Ken Conner #448 for Best U.S. Flat Top Display and Bob Bendula #924 for Best Miscellaneous. Top honors for Best Overall also went to Ken. Heartiest congratulations to Ken and Bob for their outstanding efforts. We regret that Bob's trophy was not available for presentation to him at the Convention banquet.

Mark your calendar. Our major event of 1977 will be a two day trade session scheduled for Saturday and Sunday, **June 11 & 12**. The site, times, and other details will be announced as plans are finalized.

Janice Kirkpatrick #3269

FORT PITT CHAPTER

Ken Conner #448 hosted our September 24 meeting where trading was prohibited. Can Emptiers were again able to examine Ken's award winning flat top display and trophies.

All Chapter members except two attended Convention VI where we successfully defended our title of "fastest can emptying chapter" against stiff competition.

RED STICK CHAPTER REPORT

The Red Stick Chapter located in Baton Rouge, Louisiana has been in existence for approximately one year. In the first year the chapter held two trading sessions that were a huge success. The first trading session was covered by all three Baton Rouge TV stations which helped to boost membership significantly. News items concerning beer can collection have appeared in the local press along with photographs of chapter collections. The success of our first year of activities was made possible by the following officers: President Don Morrisette #2589, Vice-President Tommy Adams #6114, and Secretary-Treasurer Jim McClure #4331.

At our last meeting held August 19, 1976 we elected officers for the 1976-1977 year. Selected were: President L.O. Holden #5434, Vice-President Steve Morton #6066, Secretary-Correspondent Don Morrisette #2589, and Treasurer Jim McClure #4331.

The 3rd Red Stick Chapter trading session was held October 23, 1976. This date was selected to coincide with the L.S.U. Tigers' open date. Even a beer can trading session cannot compete with Tiger football!! The trading session was a great success and enjoyed by everyone who attended.

The next scheduled Red Stick Chapter trading session will be April 23, 1977. For more information contact Tommy Adams #6114, Committee Chairman for trading session #4.

Don Morrisette #2589

The membership received and accepted preliminary reports from various committees entrusted with planning our first trading session to be held in Smithton, PA., at Jones Brewing Company, "the fastest growing brewery in Western Pennsylvania". The site committee has completed its assignment. Complete details will be forwarded to neighboring chapters soon.

Anonymous Can Emptier #0000

letters

I would like to commend everyone involved with the planning and organization of Convention VI for the great job they did.

The Convention was one of the few places I have been where everyone was very friendly on and off the trading floor. The evening festivities topped off the days, and best of all was the appearance of Miss Olde Frothingslosh. (Not to mention my collection increased by 143 cans)

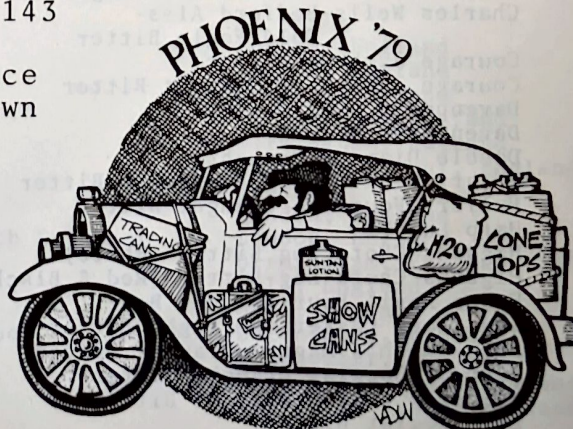

It was well worth the price and an experience I'll never forget. I'm already counting down the days to Kansas City.

Job well done!
Bill Lavage #9782

Thanks

Thanks to Lew Cady #98 for several of the super photos (including the front cover) contained in this issue.

THE BIG ONES

by: Ron Moermond #224

Since there has been an increased interest in collecting the large cans (4 pint and larger). Little information has been published in this area, therefore, I have compiled a composite list of big cans. Thank you to the following collectors for their assistance:

Glenn Smith # 430 Omaha, Neb.
 Rolfe Weiss #1044 Worthington, Ohio
 Bill Christensen #33 Madison, N. J.
 John Ahrens #9 Mt. Laurel, N. J.
 Vaughn Amstutz #10 Lafayette, Ind.

If collectors will keep me informed of additions to this list, I will publish updates to it in future News Reports. Send the information to:

BRAND CHANGES BRAND CHANGES

by Jim McCoy #136

Another Canvention has come and gone, but not without leaving many good memories and a number of new cans for our collections. Some of the new cans making their appearance in Philadelphia include a special Schell's can saluting Farmfest 76, Koehler's Spirit of 76, the handsome new Tuborg Gold, a totally redesigned Nine O Five and a beautiful five-can set put out by Tennent's featuring Penny. Kudos to the Greater Delaware Valley Chapter for not only putting on a super Canvention, but for their efforts in getting Schmidt's of Philadelphia to put out a special can welcoming the B.C.C.A. to Philadelphia. And thanks are in order to the following members for their contributions to this month's column: Gene (#2004) and Peggy (#10124) Migliori, Max Robb (#116), John Vetter (#369), Adam Carriere (#9913), Jere Fabick (#10086), Tim Low (#7076), Wally Swenson (#348), Jim Mitchell (#1546), Marlowe Schlegel (#3037), Clint Leonhardt (#1653) and Joe and Henry Ortlieb.

BALLANTINE PREMIUM LAGER (General Brewing), mentioned last issue, shown this issue.

CHIPPEWA PRIDE LIGHT PREMIUM (Jacob Leinenkugel Brewing), mentioned last issue, shown this issue.

DRUMMOND BROS. (Falls City Brewing) features a big 16 OZ designation on their new large can.

DUNK'S GERMAN STYLE (Duncan Brewing) hit the market again in unknown quantities down Florida way.

FALLS CITY (Falls City Brewing) new Half Quart can, mentioned last issue, shown this issue.

GOETZ (Pearl Brewing), mentioned last issue, shown this issue.

HAMM'S DRAFT (Olympia Brewing) has begun to phase out their steel barrel-shaped can in favor of a straight-wall aluminum can. Design remains virtually the same.

HAMM'S PREFERRED STOCK (Olympia Brewing) now out in a crimped can by this brewery.

HORLACHER (Horlacher Brewing), now out with its Hex can featuring five signs familiar to those throughout the Pennsylvania Dutch country, indicates this is the first of a limited edition series, each consisting of 20,000 cases. The brewery plans to market a new can in the series every three months. The next can, featuring waterfowl, is planned for introduction this fall.

IRON CITY (Pittsburgh Brewing) has added cans four, five and six in their bi-centennial flag series. Look for Cowpens, Star-Spangled Banner and the Confederate Battle Flag.

KAPPY'S PREMIUM LIGHT (Eastern Brewing) now out on the market by this brewery.

KOEHLER BEER (Erie Brewing) brings can number three to their bi-centennial series—Spirit of 76.

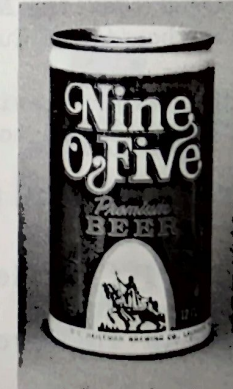

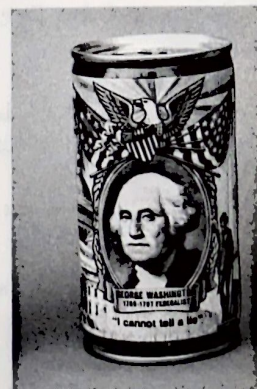

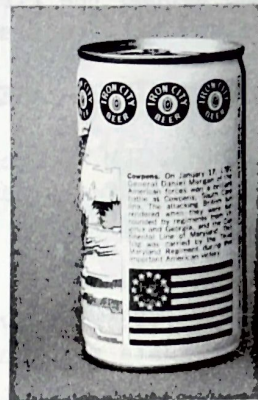

LUCKY LIGHT (General Brewing), nearing the introduction stage, will join the ever-growing battle of the low calorie beers.

LUCKY NEAR BEER (General Brewing) is in the planning stages with target markets to be prisons and catering trucks and offered for sale through dispensing machines.

LUCKY PRESIDENT (General Brewing) has apparently overcome the slow sales start with their first can—George Washington—and plans to issue the second can in the series in November—John Adams.

MILLER HIGH LIFE (Miller Brewing) has added the slogan, "AMERICA'S QUALITY BEER SINCE 1855 • BREWED FROM THE FINEST MALTED BARLEY CEREAL GRAIN AND SELECTED HOPS", around the bottom of their can.

NEUWEILER'S CREAM ALE (Ortlieb Brewing) expected to be on the market by the end of September if all goes according to plan.

BRAND CHANGES BRAND CHANGES

NINE O FIVE PREMIUM (G. Heileman Brewing) now out on the market in a very attractively redesigned can with a major change--the numerals have been replaced by letters spelling out the brand name.

OLD CROWN (Peter Hand Brewing) pays tribute to their birthplace, Fort Wayne, Indiana, by featuring historical Fort Wayne on their newly redesigned can.

OLDE FROTHINGSLOSH (Pittsburgh Brewing) now out in a crimped version for their white can.

ORTLIEB'S (Ortlieb Brewing) has wrapped up their bi-centennial theme series and returned to the can design used prior to the introduction of the bi-centennial cans. This is expected to be a temporary can, however, as they are busily at work on a new Americana series--now in the governmental approval stages. Initial plans call for a continuance of the Liberty Bell design on the front with the backside of the first can saluting the Mummers. Pending approval, we should see these cans around the first part of 1977. Additional cans in the series (plans call for a minimum of twelve) will be issued no oftener than two month intervals.

PETER HAND EXPORT LAGER (Peter Hand Brewing), mentioned last issue, shown this issue.

READING PREMIUM (C. Schmidt & Sons) now out in an extruded steel can with a major wording change on the front of the can. The phrase, "brewed with clear Blue Mountain water", has been deleted and replaced with, "12 FL. OZ.". The can still credits the Reading Brewery rather than C. Schmidt & Sons.

RITZ BRAU (??? Brewery) will be the name of the new beer that will make its appearance at some future date when the new brewery in Anchorage, Alaska gets into production.

ROLLING ROCK (Latrobe Brewing), mentioned last issue, have their series of recent minor design changes shown in this issue.

SHELL'S BEER (August Schell Brewing) put out a limited run of cans commemorating Farmfest 76, America's bicentennial salute to agriculture, held at Lake Crystal, Minnesota, September 13-19, 1976. The can is all done up in red, white and blue, of course.

SCHLITZ LIGHT (Schlitz Brewing) has a slight change in wording at the top of their tall, slim aluminum can with reference to the fact their new Light Beer has 96 calories.

SCHMIDT'S OF PHILADELPHIA (C. Schmidt & Sons) follows up their recent Signers of the Declaration of Independence cans (shown this issue) with their latest design, Winter At Valley Forge. Available in both 12 and 16 ounce sizes.

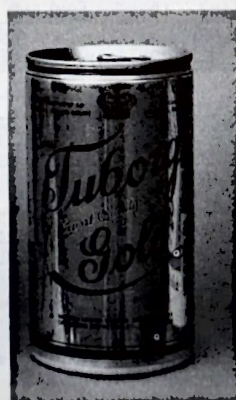

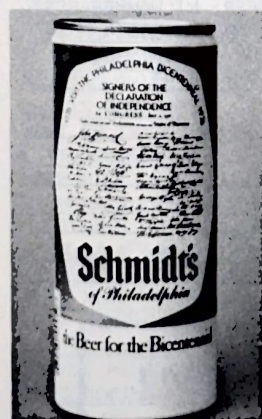

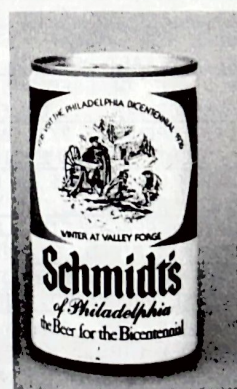

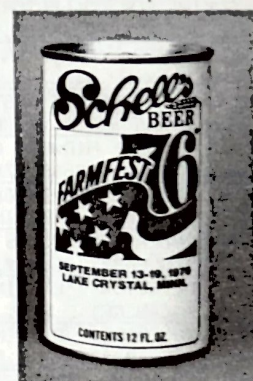

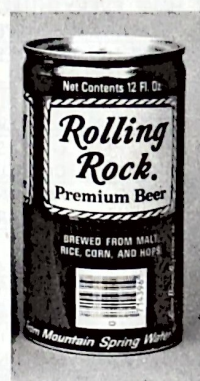

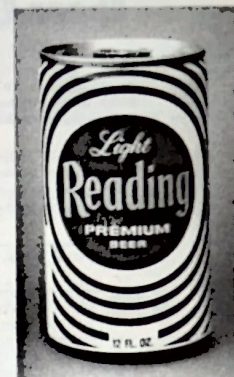

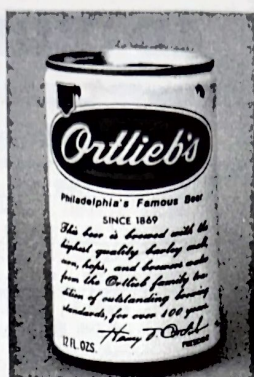

SCHMIDT'S OF PHILADELPHIA (C. Schmidt & Sons) paid special tribute to the B.C.C.A. by putting out a specially designed can welcoming the B.C.C.A. Convention to Philadelphia. What makes this particularly interesting is the fact that this was a regular production can that was put into their distribution channels and offered for sale in liquor outlets in the Philadelphia area.

TUBORG GOLD (Carling National Breweries) now on the U.S. market by Carling National under license and authority of Tuborg Breweries Ltd., Copenhagen.

WALTER'S (Walter Brewing) has a slight wording change in, "beer that is beer", which was printed, has been changed to, "the beer that is beer", and now appears in script.

YUENGLING PREMIUM (D. G. Yuengling & Son), mentioned last issue, shown this issue.

Late word from George Arnold #2217 indicates Falstaff will begin marketing the Presidential can series created by General Brewing Company. Look for the first can in November.

Beer Can Collectors of America

WANT AD BULLETIN

As of October 1, 1975 the cost of an ad in the Monthly Want Ad Bulletin will be \$1.00. In this way the members who place ads will help to pay the cost of the printing and mailing of the Bulletin. For \$1.00 your ad will be read by over 6,000 Beer Can Traders.

Check or money order must accompany your ad. Want ads are available only to BCCA members. Each member is allowed to place no more than one (1) ad per month. We ask that you keep ads as short as possible. All ads are subject to condensing. No ad will be accepted for buying or selling. Ads will be accepted for beer cans only. Ads will

be published on a first come, first serve policy. If your want ad is received too late for this month's issue, it will be printed in the next issue. All ads WILL include addresses.

It is up to the individual answering an ad if a self-addressed, stamped envelope be included. However, chances are your answer will get a faster reply using a S.A.S.E.

PLEASE INCLUDE NAME, BCCA NUMBER, ADDRESS, CITY, STATE & ZIP CODE WHEN PLACING AN AD.

NOTICE

ALL BULLETINS HAVE EIGHT (8) SECTIONS TO MAKE IT MORE USEFUL FOR COLLECTORS LOOKING FOR SPECIAL CANS:
1. NOVICE, 2. CURRENTS, 3. OBSOLETE TAB, 4. FLAT TOPS, 5. CONE TOPS, 6. FOREIGN, 7. GALLON AND 8. GENERAL.
THE MEMBER SUBMITTING THE AD SHOULD DECIDE WHICH SECTION HE WANTS AND MARK THE BLANK ACCORDINGLY.

PLEASE WORD YOUR AD AS BRIEFLY AND CLEARLY AS POSSIBLE. SOME ADS MUST BE EDITED SO THEY WILL FIT THE TWO LINE LIMIT, SO KEEP THIS IN MIND WHEN YOU COMPOSE YOUR AD -- IT WILL MAKE MY JOB MUCH EASIER.

BOB McCURE #104

BCCA WANT AD BULLETIN, 7500 Devonshire, St. Louis, Mo. 63119

Please Run the following ad in the next open issue of the Want Ad Bullentin.

I would like the ad placed in the following section (X one):

() Novice () Current () Obsolete Tab () Flats
 () Cones () Gallons () Foreign () General

Ad to read: _____

Name _____ BCCA# _____

Street address _____

City _____ State _____ Zip Code _____

NOTICE

In the future your Want Ad Bulletin will be included as part of the November, January, March, May, July and September issues of the News Report. In the months of December, February, April, June, August and October you will continue to receive the Want Ad Bulletin as you have in the past. REASON. To save money on postage. You will still be receiving the same Want Ads with the same frequency. Please remember you will NOT be receiving a separate Want Ad Bulletin this month.

Please!

Thanks to all who came and made Convention VI such a great one. However, whenever such a large group gets it on, we can expect a few problems. I am pleased to report that I have heard little about anyone having had cans lost or stolen. Let us keep up the good report at all future BCCA events! On the other hand, I must report that we do have a couple of minor problems regarding items stolen during the Convention. On Friday night some over-zealous accessory collectors stole two large banners from the Schmidt's hospitality room. One banner advertises Schmidt's and the other Prior Beer. The brewery would appreciate the return of these banners so that they may be displayed at future functions of the brewery and the Greater Delaware Valley Chapter. The banners may be sent to John Ahrens #9 with no questions asked. All is forgiven upon return. Any collector can well sympathize with the urge to collect such magnificent items but in this case the urge was a no-no. Please return these-the brewery was most kind to us-the banners are their property-and we certainly do not wish to have ANY ill will between us. Thanks

Also, incredible as it may seem, a force from The CCA was among us at the banquet. That's right folks, The Can-delabra Collectors of America. Seems that one of the candelabras at the banquet was seen walking out the door afterwards and has not been seen since. The candelabra is also classified stolen at this moment. Again, this was not our property, but that of the Marriott. They would like it back. So also send that to #9, and he will see that it gets home. Wierd. Thanks for the return in advance. Upon careful reflection, I'm sure you'll want to disband the CCA anyway. See you in Kansas City,

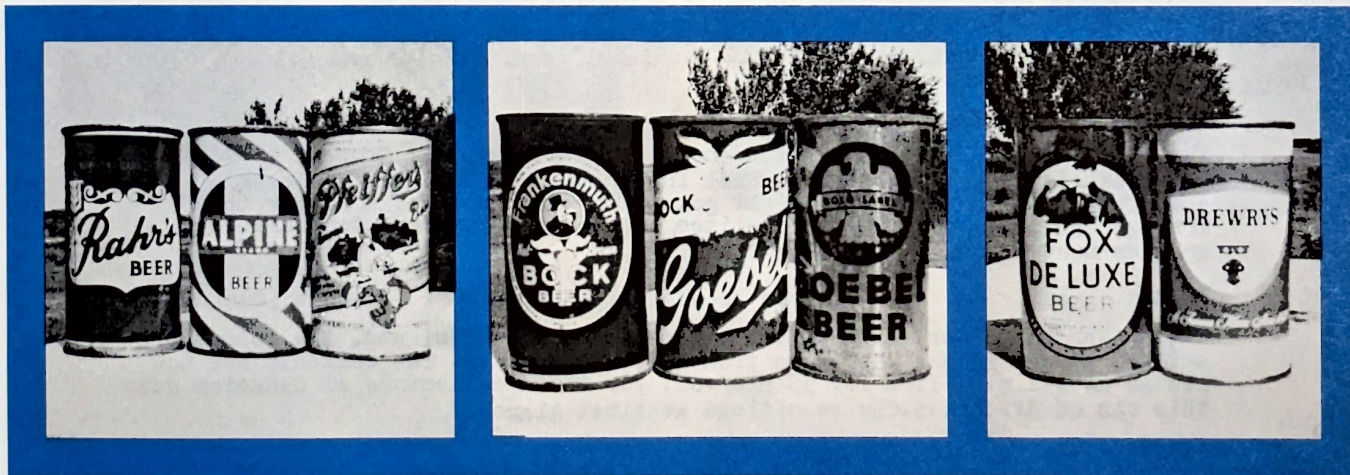

John Ahrens #9

How to Build a Collection

Perry Hix #3022

I've heard many collectors say that buying cans is the only way to increase their collections and to get good traders. "I can't find anything", or "It's too hard to find cans" is their common response. I say there is a better way to build a collection. Don't buy cans, DUMP! Any collector can build their collection by dumping. All it takes is a little effort, a little time, and a little luck, (Only two out of three are really necessary). The two major factors in dump hunting are where and when. The best dumping occurs under the following conditions: farm and rural areas, wooded land, hilly or bluff territory, or on the outskirts of town. In fact, every dump I've ever found has been under one of these conditions! The most important facet of dumping is the time of year. Between late autumn and early spring makes it easiest to spot dumps. Summer foliage just covers up too much. The cans from photo A would never have been found during the summer. On my first dump hunt with my partner, Dave Roach #4011, we went during the month of July. We found two dumps throughout our trip of over 1,000 miles. Our next trip was during early March the following year. Without the summer foliage we found upward of 20 or 25 different dumps and brought back hundreds of traders.

When and where are the two biggest factors, but these following ideas you'll find can really help. Always go in pairs when dumping. With a partner it is easy to cover both sides of a road. Too many times you can miss a dump by yourself. Always stop when you see something no matter how poor it looks. While dumping in Michigan, I saw a piece of farm machinery and an old pail about 50 yards into a woods. Though my dumping partner didn't think it was worth stopping for, my persistence finally won out and we turned back and looked. The cans in photo B show it was really worth it. I've learned to always stop now. While in a dump, search thoroughly and wear gloves. Take your time and take everything. Double check your work as sometimes you can find you've left a small pile of cans behind somewhere. Coming home without a few cans you know you found can be disappointing. Here's an added note, always make sure you know the exact location of your dumps, as a return trip can sometimes be worthwhile.

Take good care of the cans you find. Dumpers can easily be ruined by scratches if you collect them in gunny sacks or bags. Stack them in boxes or better yet, use liquor boxes that have cardboard partitions. Many nice dump cans can be ruined by careless handling. Abandoned buildings are great to search in. Cans found inside are kept in super condition. Photo C of course. Always search under the porches of old buildings and houses as I've found many cans thrown under there. Search the premises for a dump too. Many old homesteads have their private dumps.

Whenever possible, ask people for help while on a dump trip. A collector friend of mine stopped at a bar and mentioned he was can hunting. The bartender laughed and said there was a dump across the road behind a hill. To the collector's delight, he found over 200 Kingsbury Bock flat tops.

I really hope this will encourage more collectors to become dumpers and possibly have helped some veterans. The dump hunt is fun and the find is thrilling. Anybody can build their collection with a little effort.

Buying cans is no way to build a collection. Go dumping.

Foreign Brand Changes

Darrold Bussell #360

Royal Dutch N.V. De Posthoorn Rotterdam, Holland

This new 11½ oz can is very eye-catching. This dark green can, with a crown on label. Around label is "Imported Royal Dutch Holland Lager Beer". Looks like the Dutch are starting to improve the design of their beer cans.

Henninger Meister Pils Henninger Brau KGaA Frankfurt, Germany

This new 11,2 oz can from Henninger Brau is different. I like the design of this can. It's appealing. This can is gold/white/green and red.

Henninger Export Henninger Brau KGaA Frankfurt, Germany

The same design was used as on the Henninger Meister Pils can. The can is another 11.2oz can. Colors are gold/white/red and black. Also as appealing as the other Henninger can. Different -eye catching.

Heineken Lager Beer Heineken Brouwerijen B.V. Amsterdam, Holland

This 12 oz can is bright green/white/black and red. Another normal can by Heineken. Maybe they may see the new Royal Dutch can. Let's hope so. Also in a 10 oz can. Same design.

Hummer "German Export Beer" Hummer-Brau Dingolshausen, Germany

This new 11½ oz alum can is very different. Two different labels. Front label has gold H on green background. German Export Beer above in black letters. Below label is Hummer in light green, under Hummer is Dingolshausen/Bayern in black letters. The other label is a Crest above Crest is Export-Bier in black letters, below Crest is HUMMER in black letters. Below HUMMER is Ideal for Haus-Reise-Sport in light green. A very different can. Really nice looking, also eye-catching.

Gold Ochsen Ulmer Pils Brauerei Goldochsen Ulm/Donau, Germany

This 0.33 Liter can is bright gold. The label is white/blue and gold. A unusual & different can.

Skol International 2000 Poretti S.p.a. Induno Olona, Italy

Skol International 2000 has added another country to its growing list of countries it is brewed in. This Skol International 2000 - "Birra Speciale" is a very attractive can. It's bright gold with white/red & black. For those foreign can collectors who specialize in brands from every can. This is another must can. Really eye catching.

Molson Lager Molson Breweries (6 cities) Toronto, Canada

Molson Canadian Biere Lager Beer is can has been re-designed. The colors are still the same as the past cans from Molson Breweries. The contents are now listed as 341 ml - 12oz fl. 5% alc/vol. For those collectors of Canadian cans this can is different. Can be noticed at first glance.

Heidelberg Carling O'Keefe Ltd Toronto, Canada

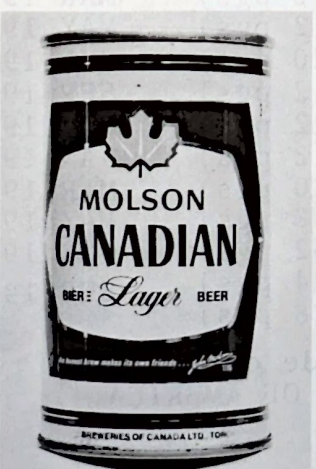

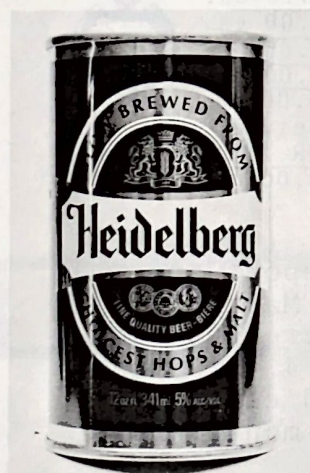

Another Canadian can that has been re-designed. Basically the same as the other Heidelberg cans. Above Heidelberg on label is "Slow Brewed From" below on label is "Choicest Hops & Malt". Below label the following (12oz fl 341 ml 5% alc/vol.)

Simonds Parsons Cisk Ltd has re-designed their Hopleaf Pale Ale. This Parsons Pale Ale Export Hop Leaf is a very beautiful design can. This 12oz can is bright red, white label/red & black lettering. Gold design on each side of label.

Another re-design can by Simonds Parsons Cisk Ltd is their Cisk Lager Export. This can also is very attractive. A 12oz can, bright blue/white label, blue/red & black lettering. Gold stripes/white lines around the blue can. Both of the two newly re-designed Simonds Parsons Cisk cans are must cans for the foreign beer can collector.

Mansfield Bitter Party Pack Mansfield Brewery Mansfield, England

This Mansfield Bitter Party Pack (4 pint 18 oz) can is the new re-signed can, that replaced the Mansfield Bitter can. This is a very eye-catching can. Colors are yellow/white with black/green letters. The Mansfield Brewery only makes the 4 pint cans (3 pints 18 oz).

CUFF LINK SET

Sale

Need an idea for a Christmas present for a collector friend? We have some. How about "The Beer Can" written by our members about our hobby for \$4.00. Or, the newly reprinted "Guide to United States Beer Cans" published by the BCCA. Cost \$6.00 postpaid. Better yet, how about a 2 for 1 deal and buy both for \$9.00 postpaid. Christmas sale ends December 31, 1976.

Having trouble keeping track of your News Reports? How about a ring binder? Official BCCA ring binders are on sale 2 for \$5.00.

Merry Christmas

DAN REITZ #2126 (also known as Jeff Berg #799) motored all the way to Convention VI with a pair of not-very-tough beer cans securely bolted onto his bumperguards. But not securely enough, it appears, to withstand the hurricanelike winds that whip through the parking lots of the Marriott Hotel in Philly. For one of the cans disappeared there. Obviously the wind is very much a novice collector and needs everything.

HERE ARE A FEW OF THE LIGHTS OF CONVENTION VI. Some high. Some low. Some dim.

CHIX: It was the talk of the Convention. Yes. There was a vast # of mighty nice females hanging around the Convention this year. Best group ever. Some of them were nice looking, too. "So why can't Miss B.C. come from within our warm, friendly group," someone asked.

And nobody could come up with a good answer.

FLICKS: Bob Hahn hit the local television news early on in the Convention week (let's face it, folks. It is getting longer all the time.) Anyway, Bob #3729 didn't mind the publicity a-tall. Matter o' fact, he wallowed in it. And posted a sign on his door which read, "Bob Hahn (as seen on TV3)." Yes.

SPEAKING OF MODERN MARVELS OF SCIENCE, at least two Conventioneers solved the problem of too-"tired"-to-trade. They invented AUTOMATED BEER CAN TRADING. What you do, see, is put a chair outside your hotel room. On the chair you set a box of beer cans for trade. And a sign which says something like "Obsoletes for Obsoletes, please." Or some such. You're very likely to wind up with more cans than you left. Which is the way of the BCCA. Of course there is one danger. You may have someone leave a can...and take the chair. Yup, it happened in Philly.

SPEAKING OF PHILLY, Bob Gustafson #1072 reported that he dropped by to take a look at the Liberty Bell and..."You know what? They're displaying it with the bad side out!!!"

SPEAKING OF OUT, Marcia Butterbaugh (and Phoenix) may have won out over Niagara Falls in the contest for the '79 Convention merely by promising that there would be ice by the truckload. Finding enough ice to keep all the bathtubs in the Marriott full was not easy. But we came close.

CANVERSATIONS & COO RESPONSE BY 98

SPEAKING OF MAKING THE CONVENTION BETTER, some wig came up with this suggestion: "I think that one thing should definitely be changed. We shouldn't have the big business meeting at 8 o'clock in the morning. We should have it at 3 or 4 in the morning when everyone's up and sharp."

SPEAKING OF SHARP, Annie, the 12½ year old cousin of Ken Conner #448 noted that when you have twins you should celebrate with Schaefer. After all, Schaefer is the one beer to have when you're having more than one. (Isn't it?)

SPEAKING OF HAVING MORE THAN ONE, The Young Henry Ortlieb (a good person) was seen dropping an Ortlieb's whilst in one of the hospitality dens. But everyone was polite enough not to mention it.

SPEAKING OF NOT MENTIONING IT, nobody noticed that Dan Peitz was sipping on a 1952 Red Top when he passed through the Big Trade Session on Saturday afternoon.

SPEAKING OF BAD TASTE, C.D. Roberts #278 had this to say about Bob McClure #104's delicate gourmet sensibilities: "Well, he can differentiate between beer and sand." Which, we might point out, equips him nicely for some of the dreck masquerading as beer you're likely to encounter in a Convention bathtub. Especially Bob's.

SPEAKING OF NO TASTE AT ALL, some wiseperson was heard to ask (upon arrival at the drinking salon at the end of the Schmidt's tour) the following disgusting question: "Where are the Clydesdales?"

SPEAKING OF SILLY FOOLS, the following semi-conversation took place on one of the tour buses:

Bob Childers #4639: "Going to Phoenix?"

Roger Johnson #200: "You betcha!"

Bob Childers #4639: "Too bad. This bus is going to Tucson."

SPEAKING OF GOING, we said we'd write something nice about the Frothingslosh Chapter in this column. So we're going to. When we have room.

SPEAKING OF NICE, a lot of brewers were. Like Schmidt's, which gave us over 100 cases worth of beer and other goodies (like use of their photo-tog for pix for this issue of the News Report). (Schmidt's also supports the Greater Delaware Valley Chapter something fierce.) Then there's the nice Ortlieb folks. They support the Keystone Chapter a whole bunch. Rolling Rock, Yuengling, and Horlacher also blessed us with the fruits of their brew kettles. And we, beery sorts (also sots) that we are, appreciate each & every drop of that kind of generosity. Yes.

SPEAKING OF BEER (and we were), William Kardasz #480 had this insight into the relative rarity of the Tiger can: "The good news is that they are very, very rare. The bad news is that they're only worth an '07."

SPEAKING OF 007, some of the Conventioneers found their eyebrows raised due to the sudden drop in the trading value of the famous James Bond cans (which seemed to be more available than they have been in years). You don't suppose that something funny's going on, do you? Nah. Who'd ever bother to reprint beer cans? Geez.

SPEAKING OF TRADING POWER, Bob Gustafson was seen at the banquet trading a grade 3 broccoli for a roll.

SPEAKING OF TOUGH TRADING, Joe Varsey continues to trade only for bottom opened cones.

CB!! CB!!! CB!!!!

Paul Kalous, #544 up thar in Oskhost, goes by the handle of Jackson Koehler, good buddy.

Meanwhile, the airwaves around St. Chas., MO (especially Ch. 22) are ratchetjawned by Pop Top, also known as Jeff Hibbeler #8612 and KYG-0264.

Up around Menominee, MI, you may encounter someone going by the handle of The Pheasant. (What did you expect--The Turkey?) Anyhow, the bird bearing the 'bove-mentioned name is our good member \$4422, Gary Luthardt. Yup.

Be warned: Bill McCulloch #52 is masquerading as KIM-5110 and The Indiana Can Man on Ch. 19 about 13.53 miles north of Louisville, KY.

And Al DePompeis, Jr. #95-80, is stirring up things around The Bronx as The Blue Angel.

And Wayne Clausen #7394 is The Can Man throughout the Austin, Minnesota area.

And Craig Miller #7933 is running the KRL-3438 base on Ch. 2 in St. Peters, MO as the Pooh Bear.

And (sigh) Patti Burt #9019 is modulating throughout the entire Davidsonville, MD area as (yup, you guessed it!) Pat-a-cake.

But Dave Klimaj #6565 demands that we give equal attention to BCCA's amateur radio operators, too.

So we will. If all of you who have found that Ham and Beer Cans go together nicely will kindly tell us where & what you are.

Dave is in Springfield, VA. And he's W4JVN.

73.

MORE HANDLES IN NEXT ISSUE

BCCA POLL PICKS FORD

Gerald Ford will win in Nov. with 46% of the poptopular vote to Jimmy Carter's 38% if the BCCA is an accurate cross-section of the voting public.

The News Report decided to poll the beer can buffs at the Convention's Saturday night banquet. 1200 ballots were printed up for the purpose--which turned out to be 200

short of the number of folk what showed up to jam the Marriott's ballroom.

The ballots listed the five candidates for prexy who will appear on the for-real ballots in most states.

Some took the BCCA Presidential Poll seriously, some didn't. As you can tell from the results:

Gerald Ford (Republican).....	386
Jimmy Carter (Democrat).....	322
Eugene McCarthy (Independent).....	45
Lester Maddox (American Independent)...	44
William Trimble (BCCA #3867) (WRITE-IN)20	
Roger MacBride (Libertarian).....	16
Miss Olde Frothingslosh (WRITE-IN).....	15
Wayne Blanchard (BCCA #1757) (WRITE-IN)14	
Carl Behrens (BCCA #375) (WRITE-IN)....	13
Ronald Reagan (WRITE-IN).....	11
John Ahrens (BCCA #9) (WRITE-IN).....	10
Scot Mason (BCCA #1191) (WRITE-IN).....	4
Thomas Siegel (WHOEVER HE IS) (WRITE-IN)2	
Alice Cooper (WRITE-IN).....	2
Hal Leeker (BCCA #843) (WRITE-IN).....	2
Lew Cady (BCCA #98) (WRITE-IN).....	2
Bake MacBride (St. L. Cards) (WRITE-IN).2	

Single votes also were written in for Bob Dylan, Jerry Lewis, Jerry Louise, Elmer Mick, Bill Helsley, Julius Erving, Darrold Bussell, Charlie Roachclip (of The Pot Party), Larry Bowa, Richard Nixon, Uncle Milti Rewer, Bob Taylor, Warren Taylor, Adolf Hitler, The Late Jerry Litton, Winnie the Pooh, Snoopy, Donald Duck, Mickey Mouse, Income Tax,

Railroad Crossing, and Norris, Tenn.

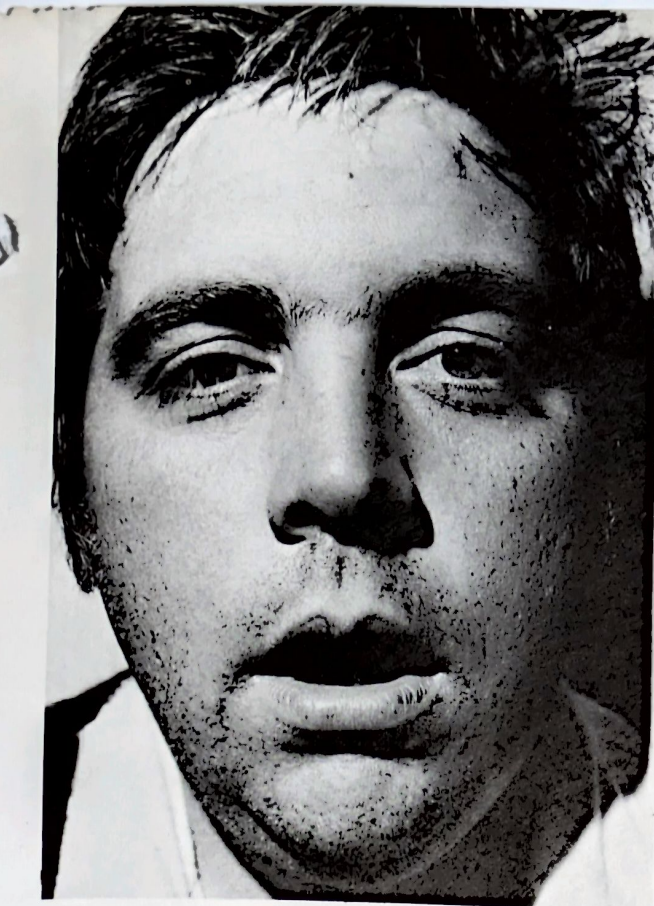

The astute observer of the political scene will doubtless be surprised at the outcome of the BCCA poll, especially the relative positions of the first two candidates.

After all, most folks usually think that beer goes pretty well with peanuts.

And lust.

THIS OBJECT was found in the room of otherwise well-mannered attendess of Convention VI. No one knows exactly what it is or where it came from, although some suspect it is a local specialty. The goiter on its chest, it was later discovered, was in actuality a pair of semi-rare beer cans. Yes.

THIS, members of the BCC of A, is the intelligent human being who will lead our alleged club for the next year. Yes it is. Hal Leeker #840 and #843 (see the officer's page in your red book). A man who--it is obvious--is so expansive that one BCCA number is not enough. And he, as we mentioned before, with all his wisdom, has been selected to guide our ship through the troubled waters that lie ahead. Let us pray.

SPEAKING OF STUPID, someone noted that if it weren't for Philadelphia, we'd be the BCCGB. (Great Britain.)

SPEAKING PATRIOTICALLY, it seemed that the only way Philadelphia would ever get rid of us would be to have us 76ed from town.

SPEAKING OF GET RID OF, C.D. Roberts, a chemist by trade, thinks he knows why a certain brand keeps changing their label. "They probably have a big batch of beer on hand," he says. "So they gotta keep changing can designs in order to sell the stuff. Because the EPA won't let them dump it."

SPEAKING OF GOOD HEALTH, Ron Moermond #224 was eyeballing the chix so carefully whilst walking down that long hallwav next to the coffee shop that he actually walked into a pole. Smackdab. Yup.

SPEAKING OF BIG PAINS, the lack of sufficient trophies for all the display winners (bad planning) shouldn't have kept those winners from at least being announced (bad judgment).

SPEAKING OF HEAVY STUFF, Dick Adamowicz #344 claims he's now saving brewery bricks. So far, he sez, he's got eight of 'em. And demands that at the Brewery Brick Collectors Convention he get a room on the first floor.

SPEAKING OF REALLY DUMB, Max Robb #116 wondered aloud, whilst passing the U.S. Mint in Philadelphia, whether he could get a mint cone there.

SPEAKING OF RICH, the rich keep getting moreso. As was proved by Ron Moermond whilst jettin' back to Colorado. He picked up 4 new cans on the plane. Four! Right off the rolling bar. A new Carling's, a new Miller, and two new tall Schlitz (one with and one without Honolulu as a brewery). And, to top and bottom it off, both Miss Colorado and Miss Wyoming were on the plane heading back home after the Miss America competition.

SPEAKING OF MISS, Louise Durbin #859 ain't one anymore. She was seen honeymooning at the Convention with one Ross Williams.

The Canvention VI Commemorative can is now available for \$3.00 postage paid from the BCCA, 7500 Devonshire St. Louis, Mo. 63119. LIMIT ONE CAN PER MEMBER.

NEW ADDRESS

This address change is for the News Report only.

BCCA News Report
7100 Broadway Bldg. 6E
Denver, Colorado 80221

Please make sure that you include the building number and letter in the address as this is a complex of buildings and the Post Office will not deliver and incomplete address.
